## 1.0 Audience

This document is intended as a complete guide for Administrative users of OrangeHRM. This document has been designed for non-specialists; specialists may find the document a useful point of reference. By reading this guide, you will learn how to use OrangeHRM through the elements of the graphical user interface and what is behind some of the advanced features that are not always obvious at first sight. The aim of this guide is to enable you to address some common problems that frequently appear for users of OrangeHRM.

## 2.0 What is Advanced Leave?

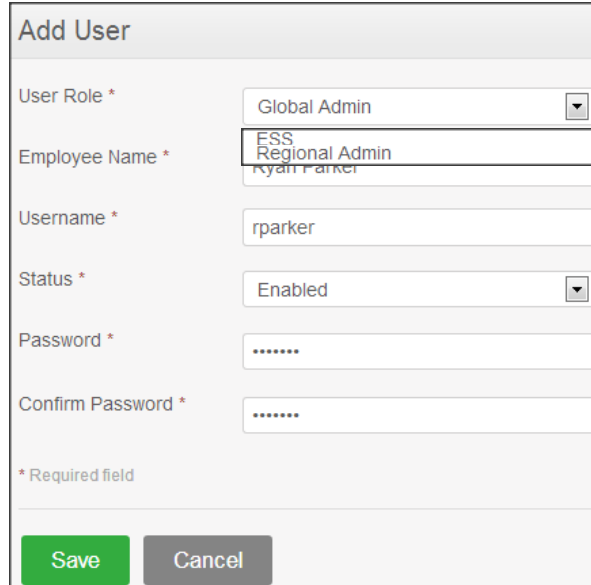

The Advanced Leave module of OrangeHRM enables setting up of custom leave periods, country-based leave types, application restrictions, leave accrual rules and carry forward rules. The module also features a leave calendar which can be used by supervisors, HR administrators and employees to plan leave. A reporting feature is also included.

### *Key Features:*

- Set up leave types with hire-date based leave periods & custom leave periods.
- Set up leave rules specific to each country or region.
- You can have Global and Regional administrators
- Configure apply-restriction criteria for each leave type.
- Set up annual, monthly and quarterly accrual rules based on Job Title, Employment Status and Years of Service.
- Set up leave carry forward rules with expiration dates for leave carried forward.
- Leave calendar with detailed view of leave statuses.
- Generate Reports to view the Leave Entitlements and Usage Reports of employees within any given leave period.

## 3.0 Assigning Admin Access Rights

Global and Regional administrator with any combination of access rights can be assigned to employees. To assign, go to Admin>> Users, click “Add” and the screen as shown in Figure 3.0 will appear.

**Figure 3.0: Add System Users- Global/Regional Admin**

Enter the following fields:

- User Role:
  - *Global Admin*– has access to all the modules in the system and can view and access all employees’ information within the system working in different locations/regions of the organization.
  - *Regional Admin*- has access to all the modules in the system and can only view and access all the employees’ information within the system working in one region/location of the organization.
  - *ESS*- refers to employee access where Supervisors has access to his personal information as well as his subordinates and ESS-Employee only has access to his personal information.
- Employee Name: name of the employee whom user role can be assigned to. **Note:** Employees need to be added to the system first under PIM>>Add Employee.
- Username: define a username for the employee
- Status: select enable to allow employee to access the system with the defined user role.
- Password/Confirm Password: provide a password for the employee and confirm password for security purposes.

Once the fields are added, click “Save” and the entry will be listed as shown in Figure 3.1.

## 4.0 Configuring the Advanced Leave Module

This is a comprehensive leave management module with extensive features of defining leave types, setting up of custom leave periods, configuring apply-restriction criteria for each leave type, setting up country based leave rules, setting up leave accrual and leave carry forward rules, generating employee leave reports and providing a leave calendar feature with detailed view of leave status. It also caters for all leave application and approval processes and is able to display information on leave entitlements, balance, history etc.

The functionality of the Leave Module differs depending on the rights of the user:

### **Global Admin** can:

- View and assign leave entitlements for each leave type for all employees in all the locations/regions of the organization.
- Configure leave periods, leave types, work week and holidays
- Assign Leave for any employee
- See scheduled leave and taken leave for any employee
- Generate leave entitlement reports and usage reports
- If an employee has been assigned **global admin user role**, then he/she will see the 'Apply' 'My Leave', 'My Entitlements' and 'My Leave Entitlements and Usage Report' options along with the rest of the features.
- View the leave calendar which will display all types of leaves for a month for all or individual departments.

### **Regional Admin** can:

- Perform all actions as the global admin but is limited within the assigned region(s).

### **ESS-Supervisor** can:

- View his Personal and Employee (subordinate) Leave Entitlements and Usage Reports
- View Leave List
- Apply Leave
- Assign Leave for his/her subordinates
- Approve/Reject Leave for his/her subordinates
- View leave calendar which will display all types of leaves for a given month for all subordinates or for his division.

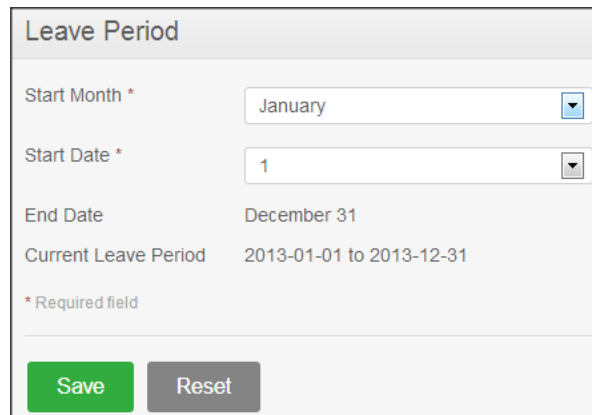

### **ESS-Employee** can:

- View his Leave Entitlements and Usage Report.

- View his detailed leave application
- Apply for leave
- View his leave calendar which will display all his leave during a particular month.

## 4.1 Configure Leave Period

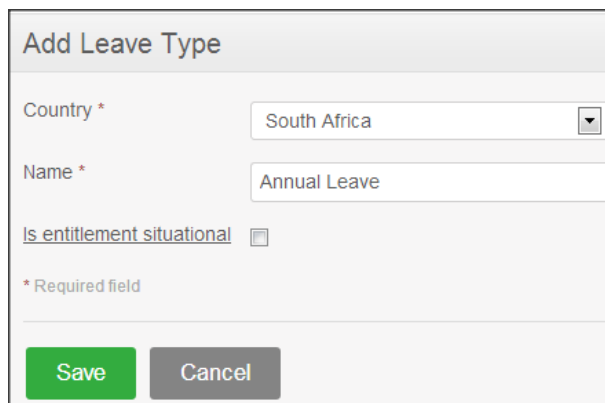

The administrator and other users with admin rights are able to define the default leave period that will be used when applying/assigning leave (unless selected otherwise). To define a leave period, go to **Leave>> Configure>> Leave Period** and a screen as shown in Figure 4.0 will appear.

*Figure 4.0: Define Leave Period*

## 4.2 Configure Leave Types

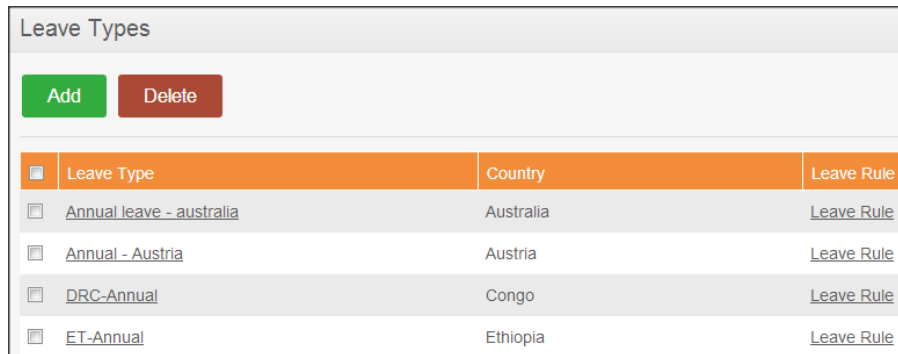

The administrator and other users with admin rights can define leave types used within the organization. Leave types can be defined with country-based leave rules, custom/hire-date based leave periods, apply-restriction rules, leave accrual rules and leave carry forward rules. To define leave types, go to **Leave>> Configure>> Leave Types**, click “Add” and the screen as shown in Figure 4.1 will appear.

*Figure 4.1: Add Leave Type*

Enter the leave type Name and select the Country from the drop down selection in which the following leave type applies to. Click Save.

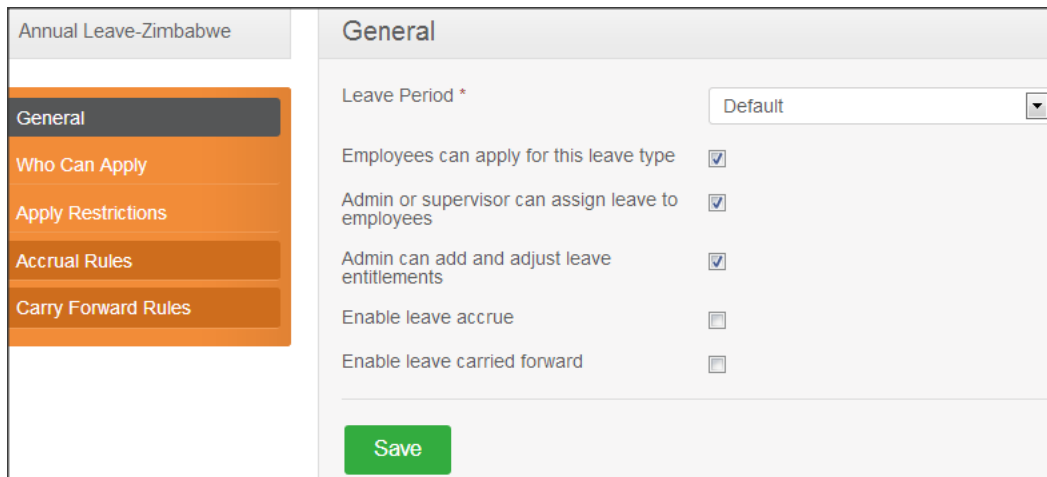

The page with all the defined Leave Types should open (Figure 4.2). Click on a Leave Type to edit the name if you wish to.

<input type="checkbox"/>	Leave Type	Country	Leave Rule

<input type="checkbox"/>	ET-Annual	Ethiopia	<a href="#">Leave Rule</a>

**Figure 4.2: Leave Types**

To configure the leave rules, click on “Leave Rule”, and a window as shown in Figure 4.3 should appear.

**Figure 4.3: Configure Leave Rules**

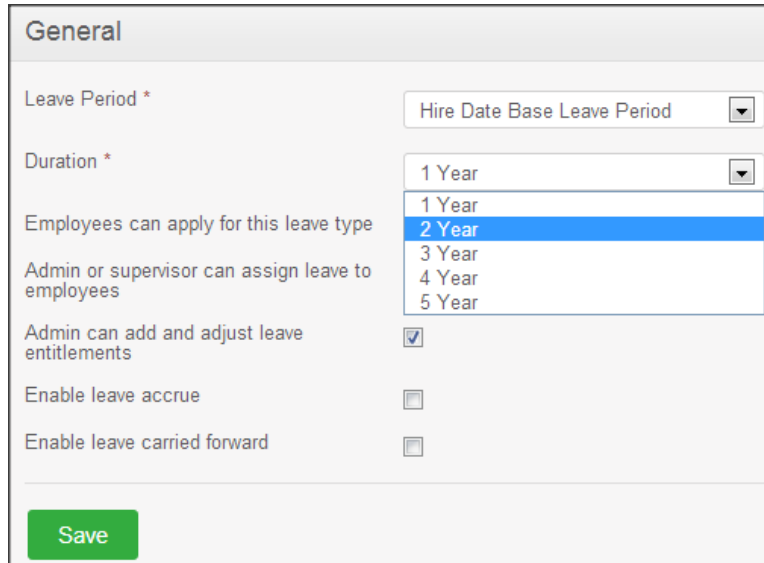

### 4.2.1 General

The following rules can be selected and be applied for the leave type and the country defined:

- Leave Period can be selected from the dropdown menu:
  - *Default* - default leave period that was set in section 4.1.
  - *Hire Date Based Leave Period* - leave period calculated from the date that employees were hired. Duration can also be selected (Figure 4.4).
  - *Custom Leave Period* - leave period can be manually set by selecting a ‘Start Month’, ‘Start Date’ and ‘Duration’ (Figure 4.5).
- Admin or Supervisor can assign leave to employees.

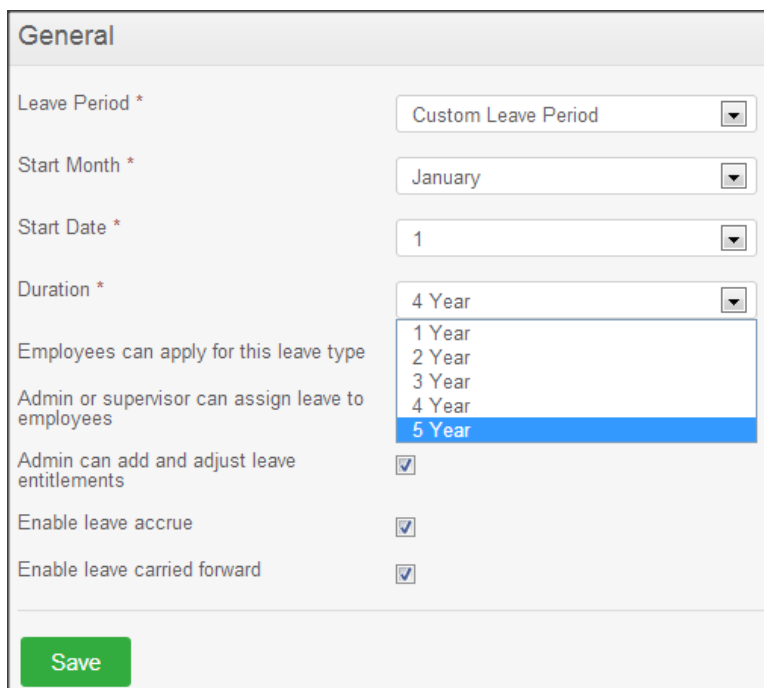

- Employee can apply for this leave.
- Admin can add and adjust leave entitlements.
- Enable leave accrue.
- Enable leave carry forward.

The screenshot shows the 'General' configuration window for a 'Hire Date Based Leave Period'. The 'Leave Period \*' is set to 'Hire Date Base Leave Period'. The 'Duration \*' dropdown menu is open, showing options: 1 Year, 2 Year (highlighted), 3 Year, 4 Year, and 5 Year. The 'Employees can apply for this leave type' checkbox is checked. The 'Admin or supervisor can assign leave to employees' checkbox is checked. The 'Admin can add and adjust leave entitlements' checkbox is checked. The 'Enable leave accrue' checkbox is unchecked. The 'Enable leave carried forward' checkbox is unchecked. A green 'Save' button is at the bottom.

**Figure 4.4: Hire Date Based Leave Period**

The screenshot shows the 'General' configuration window for a 'Custom Leave Period'. The 'Leave Period \*' is set to 'Custom Leave Period'. The 'Start Month \*' is set to 'January'. The 'Start Date \*' is set to '1'. The 'Duration \*' dropdown menu is open, showing options: 1 Year, 2 Year, 3 Year, 4 Year, and 5 Year (highlighted). The 'Employees can apply for this leave type' checkbox is checked. The 'Admin or supervisor can assign leave to employees' checkbox is checked. The 'Admin can add and adjust leave entitlements' checkbox is checked. The 'Enable leave accrue' checkbox is checked. The 'Enable leave carried forward' checkbox is checked. A green 'Save' button is at the bottom.

**Figure 4.5: Custom Leave Period**

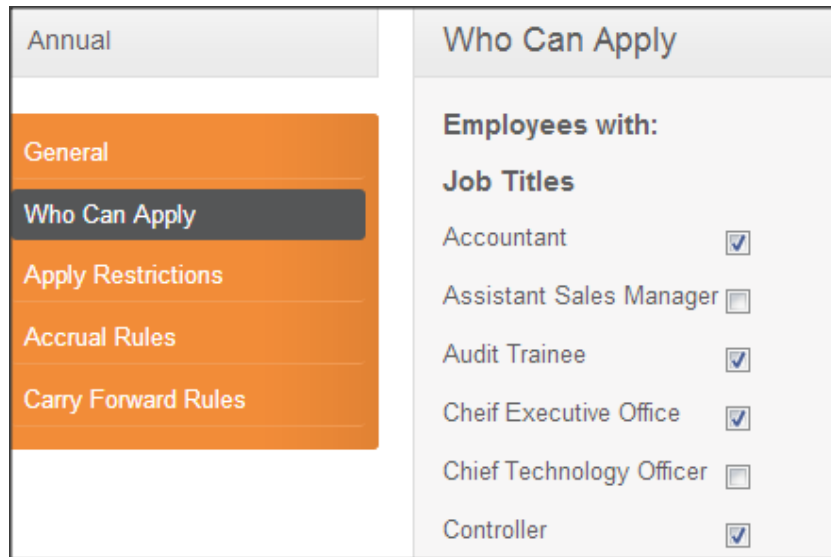

Click on the checkbox of the particular leave rule to apply.

**Note:** “Leave Accrual” and “Leave Carry Forward” rules can only be configured by ticking the appropriate boxes in the “General” rule window, and then clicking “Save”.

#### 4.2.2 Who Can Apply

The administrator can define the employee eligibility of the leave type defined based on employees’:

- **Job Titles** - Select the job titles of the employees who will be able to apply for the defined leave, as shown in Figure 4.6.

**Figure 4.6 Leave Eligibility based on Job Title**

- **Employment Status** - Select the employment statuses of the employees who will be able to apply for the defined leave, as shown in Figure 4.7.

**Figure 4.7: Leave Eligibility based on Employment Status**

- **Years of Service** - Define the years of service to be eligible to apply for the defined leave, as shown in Figure 4.8.

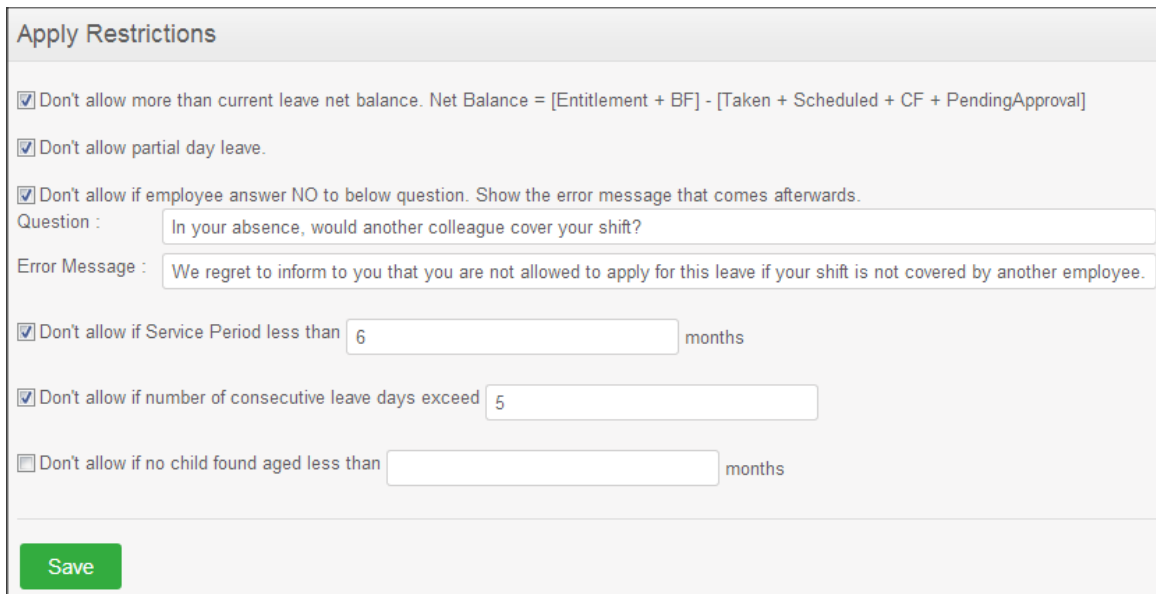

The screenshot shows a form titled "And Years of Service". It has a checked checkbox "Add Years Of Service". Below it is a note: "Only employees with joined dates and corresponding years of service will be allowed to apply for this leave type." There are two input fields: "From" with the value "1" and "To Less Than" with the value "25", both labeled "(Years)". A green "Save" button is at the bottom.

**Figure 4.8: Leave Eligibility based on Years of Service**

Click “Save” once you have configured the leave eligibility.

### 4.2.3 Apply Restrictions

The administrator can set up employee ‘Apply Restrictions’ for the following leave type defined as shown in Figure 4.9.

The screenshot shows a form titled "Apply Restrictions". It contains several checked checkboxes: "Don't allow more than current leave net balance. Net Balance = [Entitlement + BF] - [Taken + Scheduled + CF + PendingApproval]", "Don't allow partial day leave.", and "Don't allow if employee answer NO to below question. Show the error message that comes afterwards." Below these are input fields for "Question" (containing "In your absence, would another colleague cover your shift?") and "Error Message" (containing "We regret to inform to you that you are not allowed to apply for this leave if your shift is not covered by another employee."). There are also checkboxes for "Don't allow if Service Period less than 6 months", "Don't allow if number of consecutive leave days exceed 5", and "Don't allow if no child found aged less than [ ] months". A green "Save" button is at the bottom.

**Figure 4.9: Apply Restriction**

#### Apply Restriction Rules:

1. **Don't allow more than current leave net balance.**

The administrator can set this apply restriction for the following leave type and restrict employee from applying for more than the current leave net balance.

It is thus calculated as **Net Balance = [Entitlement + Brought Forward] - [Taken + Scheduled + Carried Forward + Pending Approval]**

**Example:**

On Nov 06, 2012 John applied for 11 days annual leave. The annual leave entitlement for John is 20days for leave period Jan-01-2012 to Dec-31-2012. John has already taken 5 days of his annual leave where he also has 3days pending approval annual leave, and 2 days scheduled leave. He has brought forward 7 days annual leave from leave period Jan-01-2011 to Dec-31-2011 to the current year (Jan-01-2012 to Dec-31-2012).

Leave carry forward rule is set (See Figure) where maximum number of leave to be carried forward to the next leave period (Jan-01-2013 to Dec-31-2013) is 5 days where leave carry forward date is Dec 31<sup>st</sup> of the current.

Leave Carried Forward would still be unknown until it is calculated on Dec 31<sup>st</sup> and remains “0” days.

To know if John is eligible to apply for 6 days annual leave:

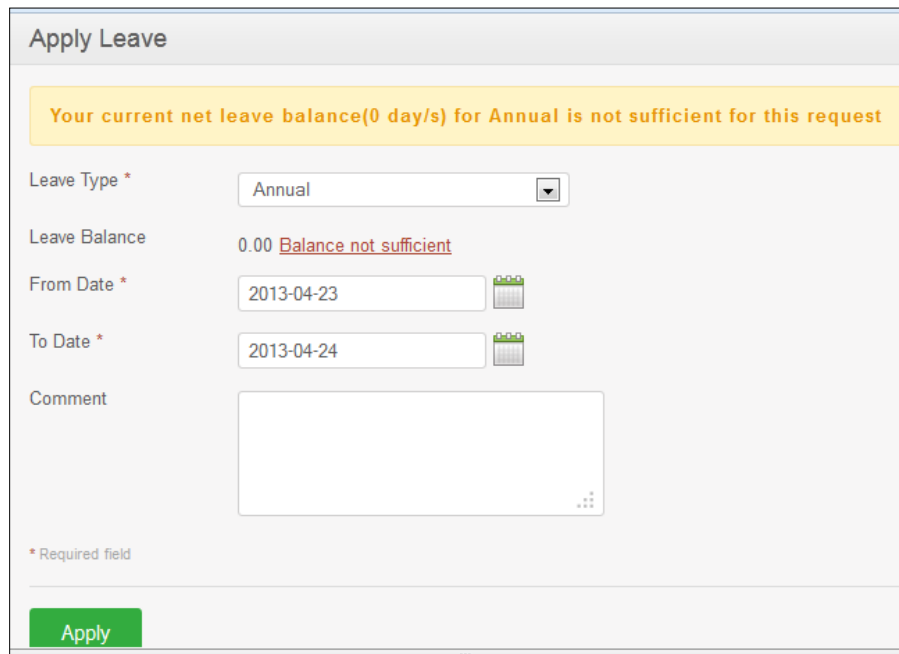

$$\text{Net balance} = [20+3] - [5+7+3+3]$$

$$\text{Net Balance} = 23-18$$

$$\text{Net Balance} = 5$$

Since the net balance for the current year is 5 days, and John has applied for 11 days annual leave. He is restricted from applying for 11 days which exceed his current net balance.

The following error message would appear if the employee applies for leave outside the net balance.

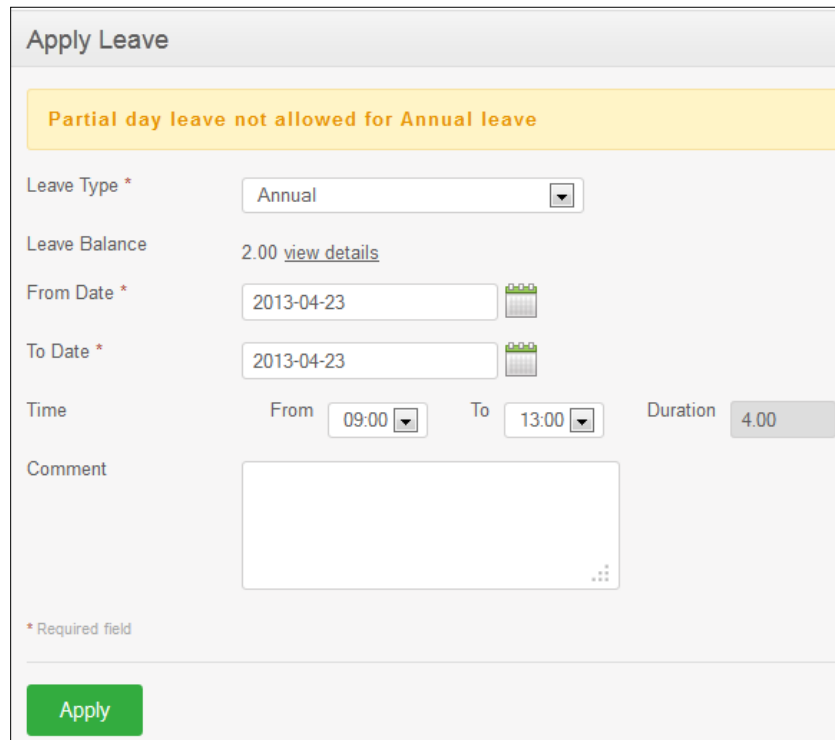

The screenshot shows a web form titled "Apply Leave". At the top, a yellow banner displays the error message: "Your current net leave balance(0 day/s) for Annual is not sufficient for this request". Below this, the form contains several input fields: "Leave Type" is set to "Annual"; "Leave Balance" is "0.00" with a red error note "Balance not sufficient"; "From Date" is "2013-04-23" and "To Date" is "2013-04-24", both with calendar icons; and a "Comment" text area. A legend indicates that an asterisk (\*) denotes a required field. At the bottom left, there is a green "Apply" button.

**Figure 5.0: Net Balance Apply Restriction**

## 2. Don't allow partial day leave

Administrators can also set this apply restriction to restrict employee from applying for the defined leave type as a partial day leave.

When employees applies for a partial day leave via **Leave>>Apply Leave** the following error message would appear as shown in Figure 5.1.

The screenshot shows the 'Apply Leave' form with the following fields and values:

- Leave Type \***: Annual
- Leave Balance**: 2.00 [view details](#)
- From Date \***: 2013-04-23
- To Date \***: 2013-04-23
- Time**: From 09:00 To 13:00
- Duration**: 4.00
- Comment**: (Empty text area)

A yellow error banner at the top of the form reads: "Partial day leave not allowed for Annual leave". A green 'Apply' button is visible at the bottom.

**Figure 5.1: Do not allow partial leave/half day leave**

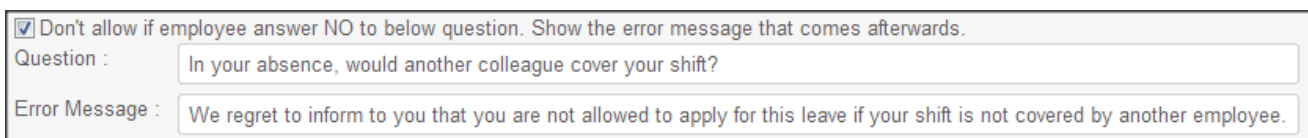

## 3. Don't allow if employee answer NO to below question. Show the error message that comes afterwards.

**Question :**

**Error Message :**

This apply restriction can be set when employees apply for the leave type defined. Follow up questions can be applied when employees apply for the defined leave type and if employee answers "NO" for the question defined, employee would receive an error message that is also set up by the administrator.

Enter Question and Error Message in their respective boxes as shown in Figure 5.2.

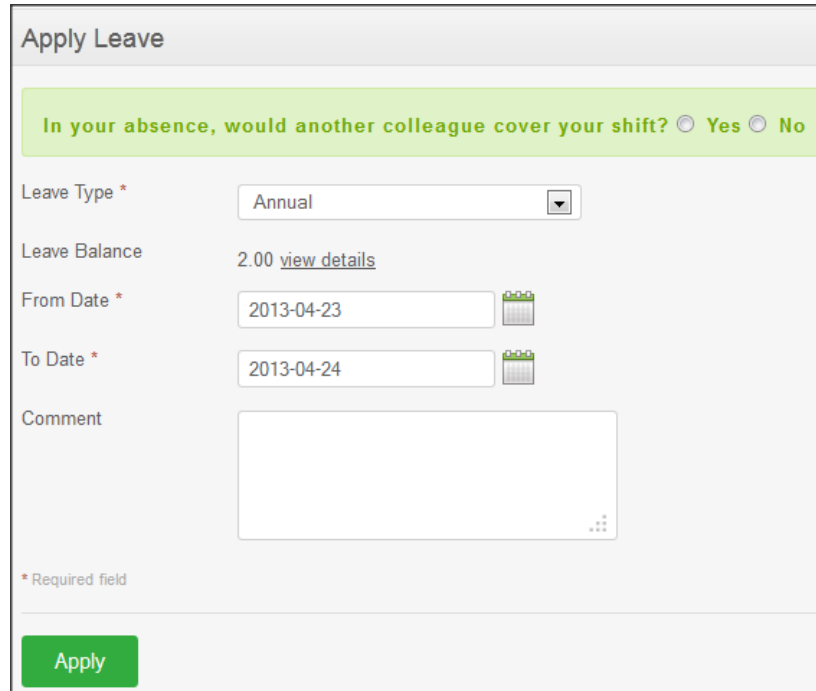

The configuration form includes the following elements:

- Don't allow if employee answer NO to below question. Show the error message that comes afterwards.
- Question :** In your absence, would another colleague cover your shift?
- Error Message :** We regret to inform to you that you are not allowed to apply for this leave if your shift is not covered by another employee.

**Figure 5.2: Question & Error Message**

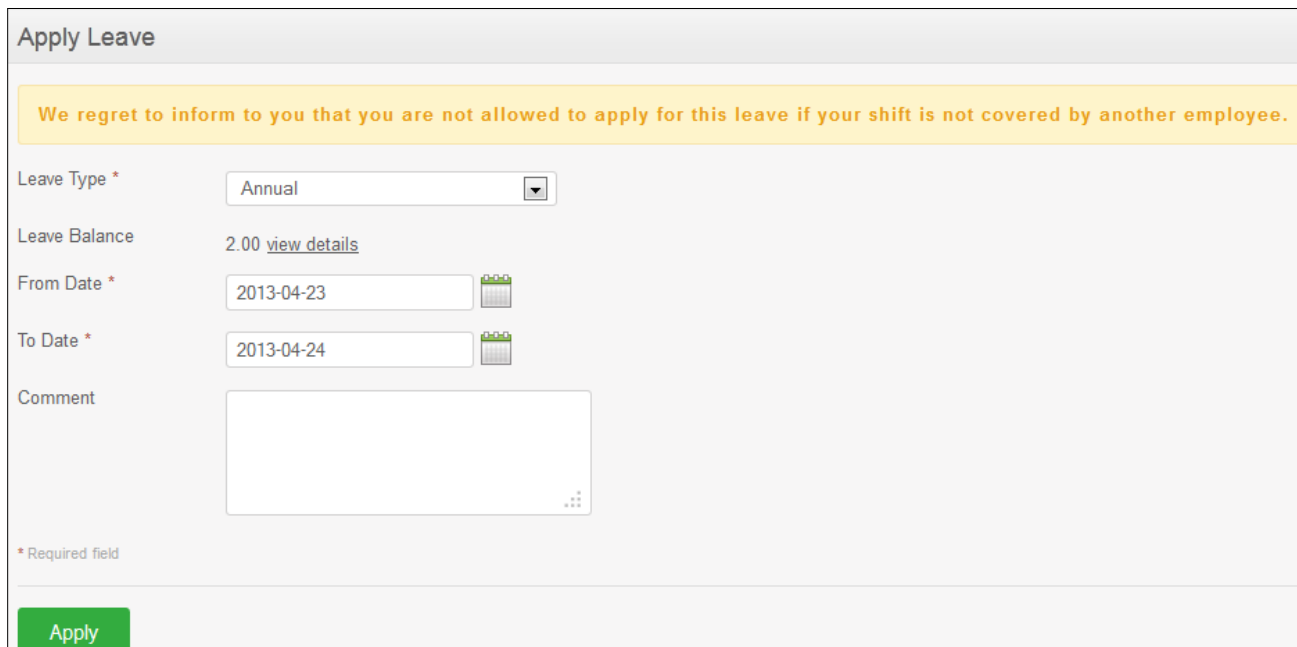

When employee applies for the leave type defined via Leave>>Apply Leave the screen as shown in Figure 5.3 will appear.

The screenshot shows a web form titled "Apply Leave". At the top, there is a green banner with the question: "In your absence, would another colleague cover your shift?" with radio buttons for "Yes" and "No". Below this, the form contains several fields: "Leave Type \*" is a dropdown menu set to "Annual"; "Leave Balance" is "2.00" with a "view details" link; "From Date \*" is "2013-04-23" with a calendar icon; "To Date \*" is "2013-04-24" with a calendar icon; and "Comment" is a large text area. A legend indicates "\* Required field". At the bottom left, there is a green "Apply" button.

**Figure 5.3: Apply Restriction Question**

If the employee selects "No" and clicks "Save", the screen as shown in Figure 5.4 will appear.

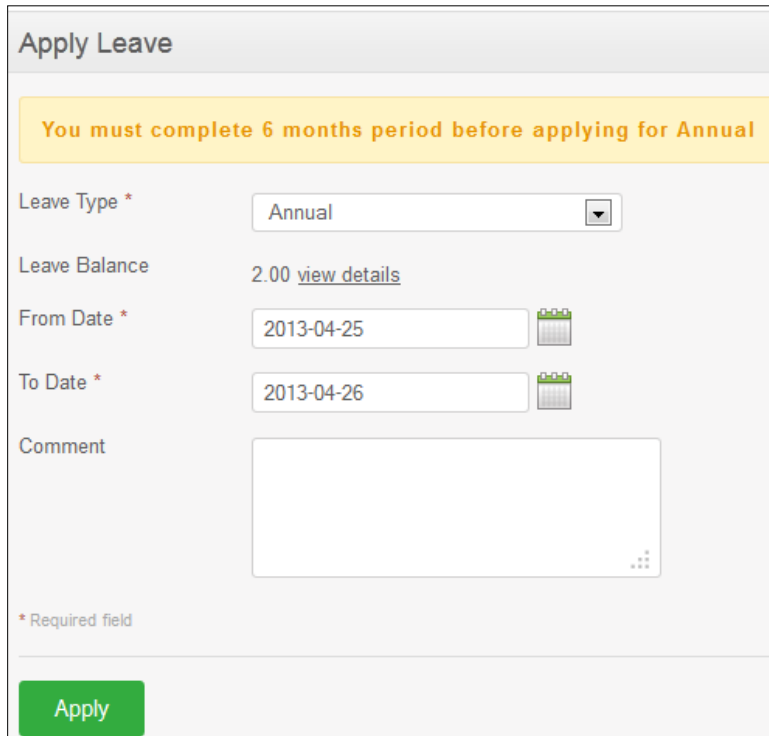

The screenshot shows the same "Apply Leave" form as in Figure 5.3, but with an error message. A yellow banner at the top contains the text: "We regret to inform to you that you are not allowed to apply for this leave if your shift is not covered by another employee." The form fields below are identical to Figure 5.3, including the "Apply" button at the bottom left.

**Figure 5.4: Apply Restriction Error Message**

#### 4. Don't allow if service period less than ( ) months

The administrator can set this apply restriction to restrict employees from applying for this leave if they have only worked for the organization outside the service period restriction defined. (See employee joined date via **PIM>>Click on Employee>> Job>>Joined Date**).

If the defined maximum period of service is 6months, and when the employee's service period is less than 6months from the time he/she has joined the company and applies for leave via **Leave>> Apply Leave** the following error message as shown in Figure 5.5 will appear.

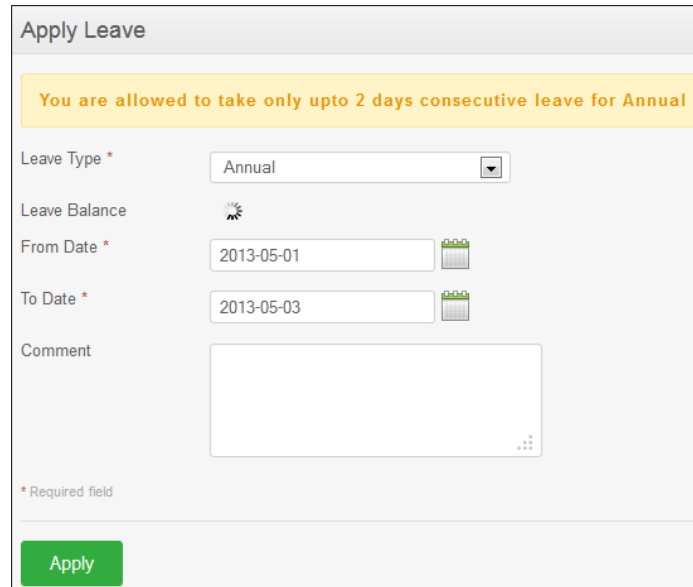

The screenshot shows a web form titled "Apply Leave". At the top, there is a yellow banner with the error message: "You must complete 6 months period before applying for Annual". Below the banner, the form contains several fields: "Leave Type \*" is a dropdown menu set to "Annual"; "Leave Balance" is "2.00" with a "view details" link; "From Date \*" is "2013-04-25" with a calendar icon; "To Date \*" is "2013-04-26" with a calendar icon; and "Comment" is a large text area. At the bottom left, there is a green "Apply" button. A legend indicates that an asterisk (\*) denotes a required field.

*Figure 5.5: Service Period Eligibility*

#### 5. Don't allow if number of consecutive leave exceeds ( ) days

The administrator can set this apply restriction to restrict employees from applying for this leave if the leave request is for a specific number of consecutive days defined.

If the maximum number of consecutive leave days is only set to 2 days and if the employee applies for 3 consecutive days leave the error message as shown in Figure 5.6 will appear.

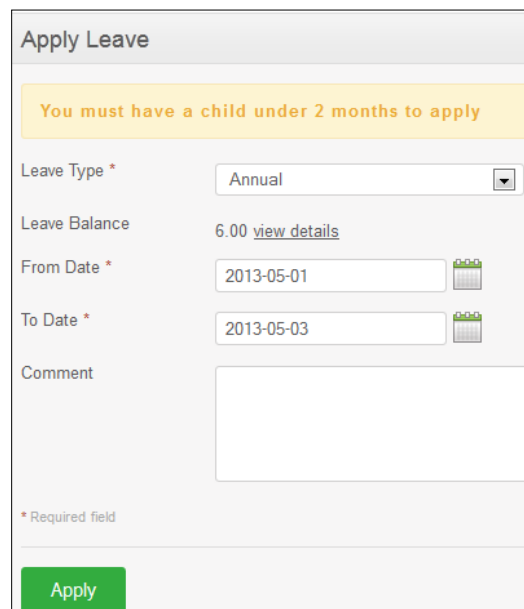

**Figure 5.6: Apply restriction due to exceeding number of consecutive leave**

## 6. Don't allow if no child found aged less than ( ) months

The administrator can set this apply restriction to restrict employees from applying for this leave if the system finds no dependents (child) under PIM>> Employee List>> Click on Employee Name>>Dependents.

If the age limit of a dependent (child) is defined as less than a certain period (2 months for example), it further restricts employee from applying for the defined leave if in case the employee's dependent's age (child) is over the limit defined and the error message as shown in Figure 5.7 would appear.

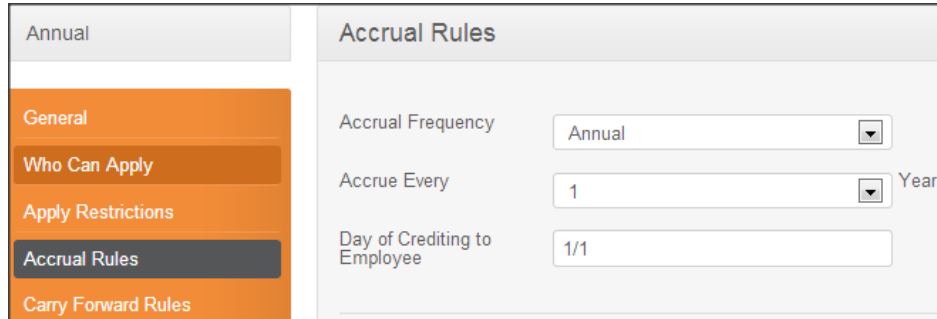

**Figure 5.7: Dependent's (Child) Age limit apply restriction**

Click **“Save”** once you have configured the Apply Restriction for the leave type defined.

#### 4.2.4 Accrual Rules

The administrator can set up accrual rules for the leave type defined. To configure leave accrual rules, click on “Accrual Leave” and the screen as shown in Figure 5.8 will appear.

**Figure 5.8: Configuring Accrual Rules**

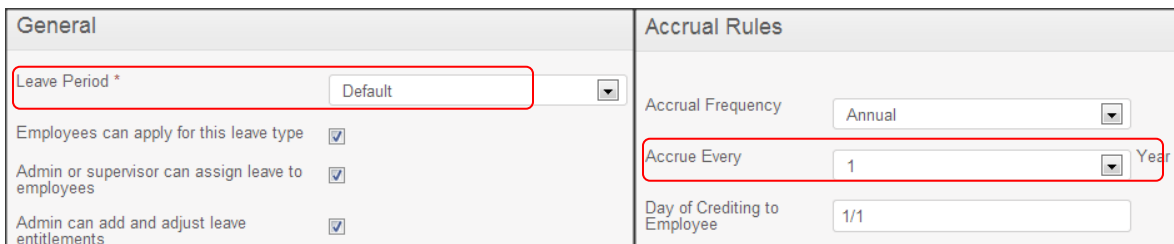

Select the accrual frequency from the drop down selection

#### Annually

### **Leave Entitlements Per Employee Group**

- This section defines how a set of employees are grouped, and the number of days of leave this group accrues per defined leave frequency.
- It is possible to define any number of employee groups. The groups are applied in the order they are defined.
- An employee can only belong to one group (the first one that the employee is selected into)
- The following rules and settings can be configured per group (Figure 5.9.8):
  - Group Name
  - Number of days of Leave Accrued: System accrues the specified number of days of leave to employees who are selected to this group, per defined frequency, on the defined date.
  - Accrue Entitlements Up To a Maximum of [ ] Days

### 4.2.5 Carry Forward Rules

The administrator can set up carry forward rules for the leave type defined. To configure leave carry forward rules, click on “**Carry Forward Rules**” and the screen as shown in Figure 6.0 will appear.

**Figure 6.0: Configuring Carry Forward Rules**

**Enter the following fields:**

- **Expire After:** duration after which carried forward leave will expire. Options include:
  - Months
  - Weeks
  - Days
- **Maximum number of leave to carry forward:**
  - Specify the maximum number (enter number of leave on the blank box)
  - All remaining days

Click “**Save**” once done.

## 4.3 Configure Work Week

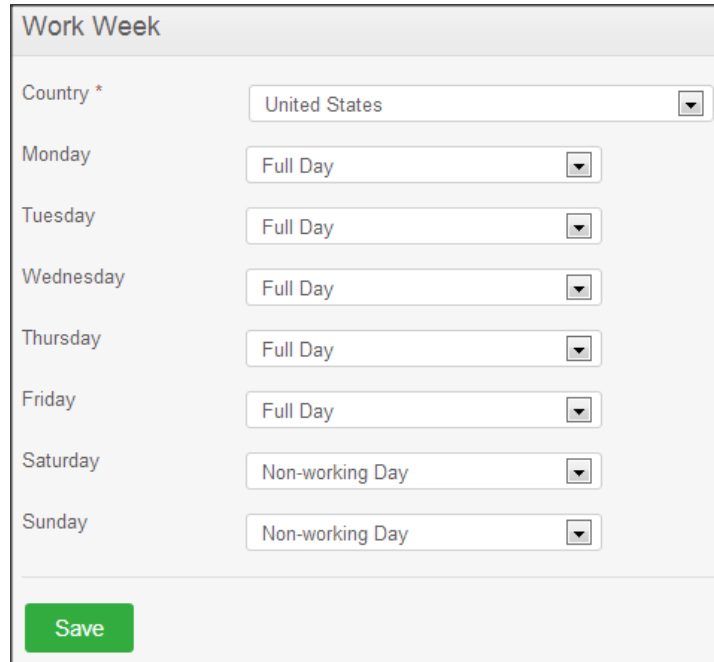

The administrator and any other users with admin rights will be able to define the work weeks for all employees based in different locations/countries.

To define work week, go to **Leave>> Configure>> Work Week** and the screen as shown in Figure 6.1 will appear.

Click “Edit” to define the work week. Select the country where the work week applies to from the drop down selection.

In this feature, you can define the days that the company in a particular country operates whether they are:

- Full Day
- Half Day
- Non-Working Day

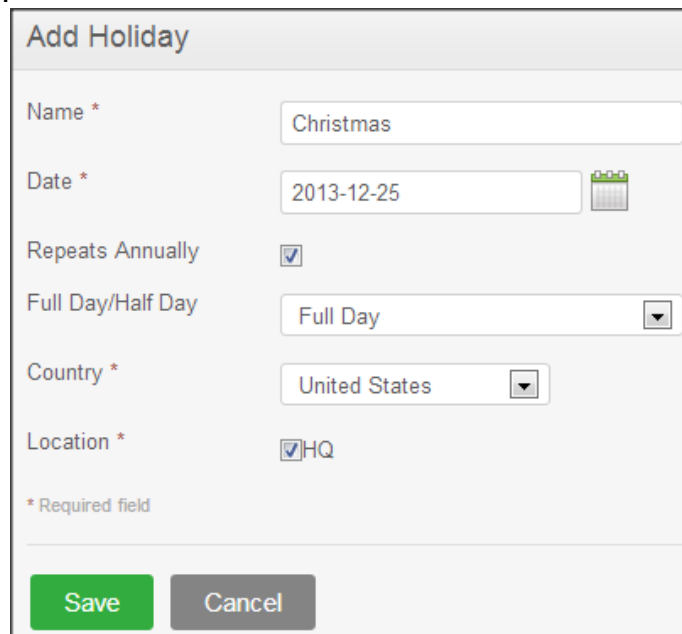

*Figure 6.1: Configuring Work Week*

#### 4.4 Configure Holidays

The administrator and other users with admin rights can define holidays that will be applicable to the companies located in different countries and will be taken into consideration while calculating leave duration.

To define “Holidays”, go to **Leave>> Configure>> Holidays** and click “Add”, a screen as shown in Figure 6.2.1 will appear.

*Figure 6.2.1: Add Holiday*

Enter the “Name of the Holiday”, the “Date” it will occur and checking the “Repeats Annually” will mean that the holiday will occur on the same date in the following years and select whether the holiday stated will be considered as a “Full Day /Half Day” holiday.  
 Select the country where the holiday is applicable for, the company locations would be populated, where the administrator can further select the company locations the holiday is applicable to.

**Note:** Locations need to be defined first under **Admin>>Organization>>Locations**.

Click “**Save**” once you have defined the holiday.

Once a holiday is added, it will be listed as shown in Figure 6.2.2.

**Holidays**

<input type="checkbox"/>	<a href="#">Christmas</a>	2013-12-25	Full Day	Yes	United States

**Figure 6.2.2: List of Holidays**

You also have the option to also “**Search**” for the holidays that are occurring within particular period as well as the country and company locations associated with that country.

## 5.0 Entitlements

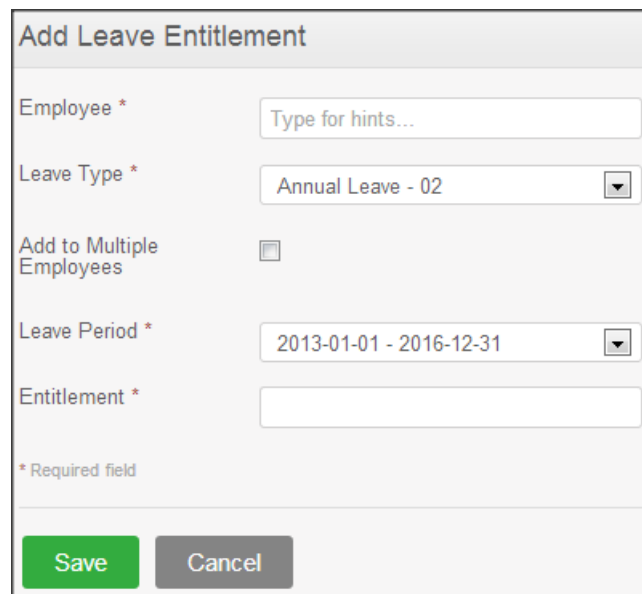

This feature allows users to add (Admin Users only) and view employee leave entitlements. The menu will show data depending on the user type:

- **Admin:** will see “Add Entitlements” and “Employee Entitlements” and has full rights.
- **ESS User-Supervisor:** will see “Employee Entitlements” (subordinates only) and “My Entitlements” and has viewing rights only.
- **ESS User:** will see “My Entitlements” and has viewing rights only.

### 5.1 HR Admin View of Leave Entitlements

As an Admin user, this feature enables the HR Admin and other users with admin rights to Add and View Leave Entitlements for each leave type for all employees.

To add an entitlement to employees, click on **Leave>>Entitlements>>Add Entitlements** and the screen shown in Figure 6.3 will appear.

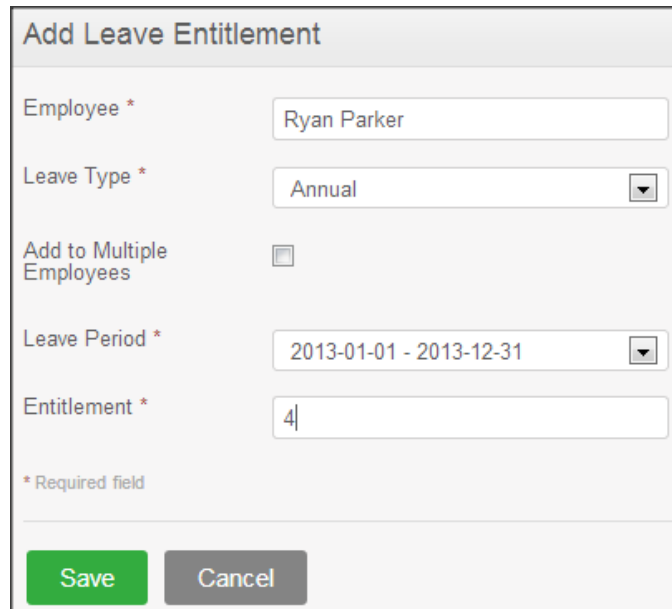

*Figure 6.3: Add Leave Entitlement*

The HR Admin can select the employee to assign leave to by typing his/her name in the “Employee” textbox.

The “Leave Type” (defined under Configure>>Leave Types) can then be selected from the dropdown menu.

The “Leave Period” can then be selected. The number of days to assign to that employee can then be given in the “Entitlement” textbox, as shown in Figure 6.4.

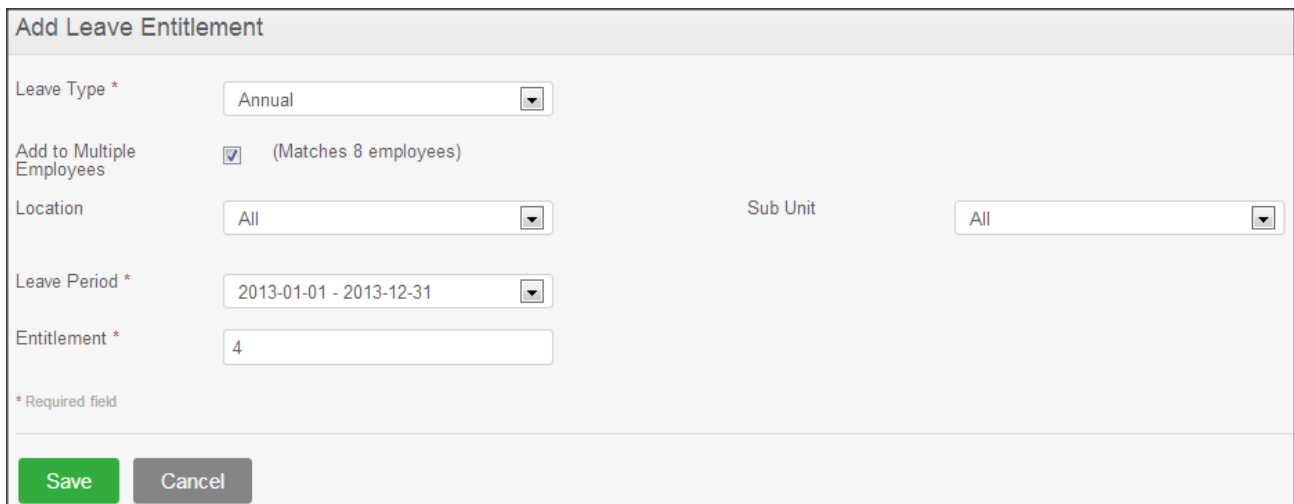

The screenshot shows a form titled "Add Leave Entitlement". It contains the following fields and controls:

- Employee \***: A text input field containing "Ryan Parker".
- Leave Type \***: A dropdown menu with "Annual" selected.

- A legend below the fields indicates that an asterisk (\*) denotes a required field.
- At the bottom, there are two buttons: a green "Save" button and a grey "Cancel" button.

**Figure 6.4: Add Leave Entitlement to an employee**

If the Admin selects “Add to Multiple Employees”, then the “Employee” field gets replaced with a “Location” and “Sub Unit” field.

The Admin can now select a specific location and a sub-unit, and assign a leave entitlement for a certain “Leave Type” to all employees in that location and sub-unit by clicking “Save”, as shown in Figure 6.5.

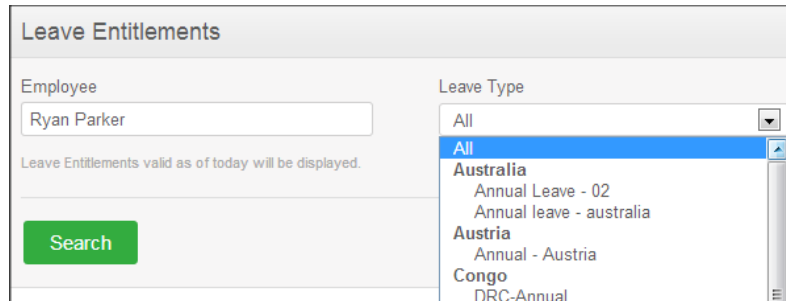

The screenshot shows the "Add Leave Entitlement" form with the "Add to Multiple Employees" checkbox checked. The fields are as follows:

- Leave Type \***: A dropdown menu with "Annual" selected.
- Add to Multiple Employees**: A checked checkbox with the text "(Matches 8 employees)" next to it.
- Location**: A dropdown menu with "All" selected.
- Sub Unit**: A dropdown menu with "All" selected.
- Leave Period \***: A date range dropdown menu showing "2013-01-01 - 2013-12-31".

- At the bottom, there are two buttons: a green "Save" button and a grey "Cancel" button.

**Figure 6.5: Add Leave Entitlement to Employees by Location and Sub-Unit**

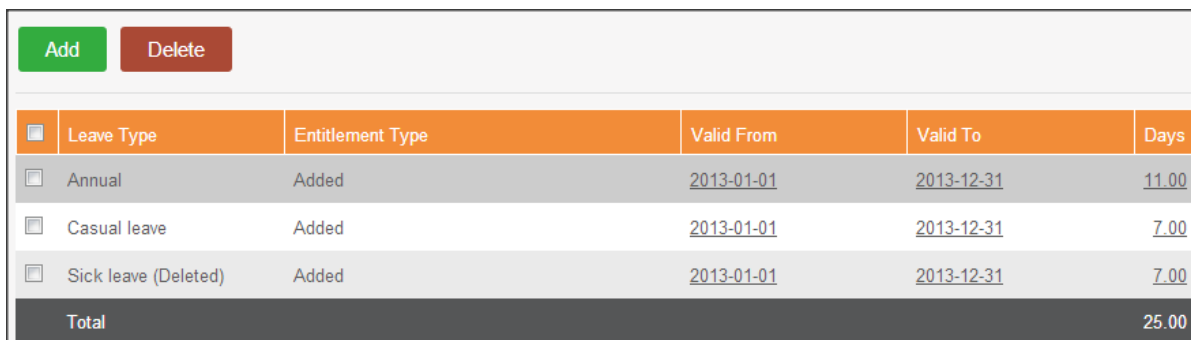

To view an employee’s leave entitlement, the HR Admin can click on **Leave>> Entitlements >> Employee Entitlements** as shown in Figure 6.6. The Admin can type in the Employee name and select the “Leave Type” from the drop down.

**Figure 6.6: Search Employee Entitlements**

Clicking “Search” will pull up all the leave that that particular employee has been entitled, as shown in Figure 6.7. Clicking “Add” will bring up the “Add Leave Entitlement” window (as shown in Figure 6.3).

To delete an entry, click on the check box next to particular entry. It is also possible to delete multiple entries at the same time by clicking the check box entries you wish to delete and simply clicking “Delete”.

## 7.0 Leave List

The leave list is available to the Admin and ESS – Supervisors. It shows the entire leave request by the employees.

- **Global Admin:** can see and manage leave application and for all employees based in all the locations/regions of the organization.
- **Regional Admin:** can see and manage leave application for all employees based in all the **assigned** locations/regions of the organization.
- **ESS-Supervisor:** can see and manage leave application of his/her subordinates.
- **ESS-Employee:** has no access to this feature.

### 7.1 View/Action Leave Request

When an employee applies for a leave his Supervisor (and Admin as well, if configured under Notifications) will receive a mail with a link to the leave list and upon clicking on that link either the Supervisor or the Admin can approve, reject or cancel the leave.

Alternatively, an HR Admin or an ESS-Supervisor may also log into the system and action the following leave requests.

To view “Leave List”, go to **Leave>>Leave List** and the screen as shown in Figure 8.0 will appear. You may also action the following leave request by selecting an action from the “Action” drop down menu.

Date	Employee Name	Leave Type	Leave Balance (Days)	Number of Days	Status	Comments	Actions
<a href="#">2013-04-03 to 2013-04-05</a>	<a href="#">Kevin Ryan</a>	Annual Leave	17.00	3.00	<a href="#">Pending Approval(3.00)</a>		Select Action <input type="button" value="v"/> Select Action Approve Cancel Reject

*Figure 8.0: Admin/ESS Supervisor Leave List*

Click “Save” once an action has been selected. The following leave request in which an action has been applied will no longer appear in the leave list as shown in Figure 8.1. A mail will be then sent to the employee and he can view the status of his leave application.

Date	Employee Name	Leave Type	Leave Balance (Days)	Number of Days	Status	Comments	Actions

<input type="button" value="Save"/> <input type="button" value="Back"/>							

**Figure 8.2: Leave Request in Detail**

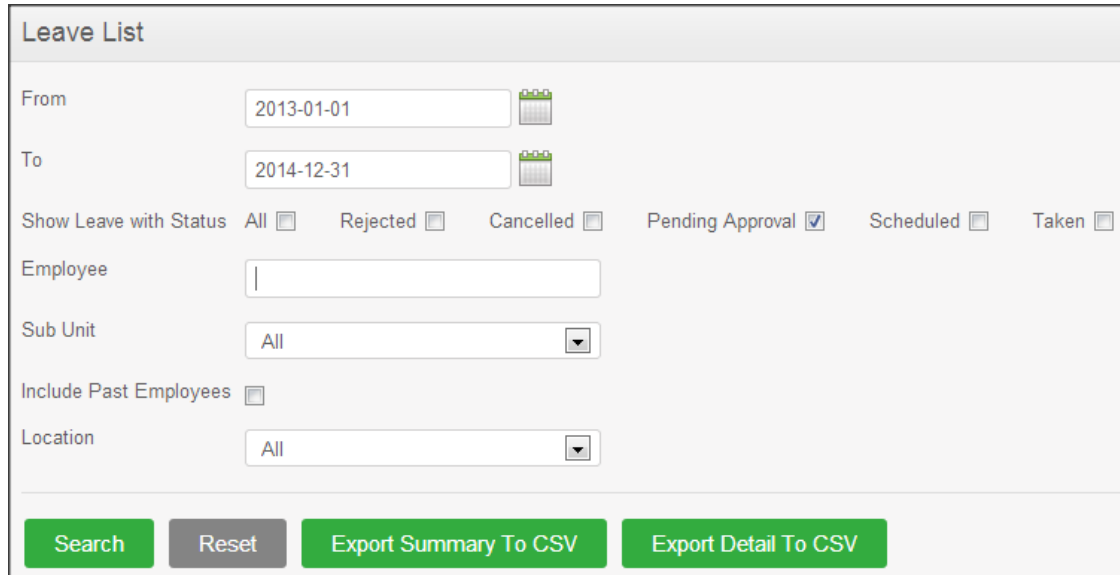

Once the necessary actions have been made to the leave requests, they will no longer appear in the leave list. A mail will be then sent to the employee and he can view the status of his leave application.

## 7.2 Search Leave List

You can view leave using the search toolbar as shown in Figure 8.3 by:

- Specifying the period using the “From” and “To” dates
- Selecting the status or combination of status of the following:
  - Rejected
  - Canceled
  - Pending Approval
  - Approved
  - Taken

- Search for the employee
- Search by Sub-Unit
- You may also include past employees with your search.
- Location (specified under Admin>>Organization>>Locations).

**Figure 8.3: Leave List Search**

### 7.3 Export to CSV

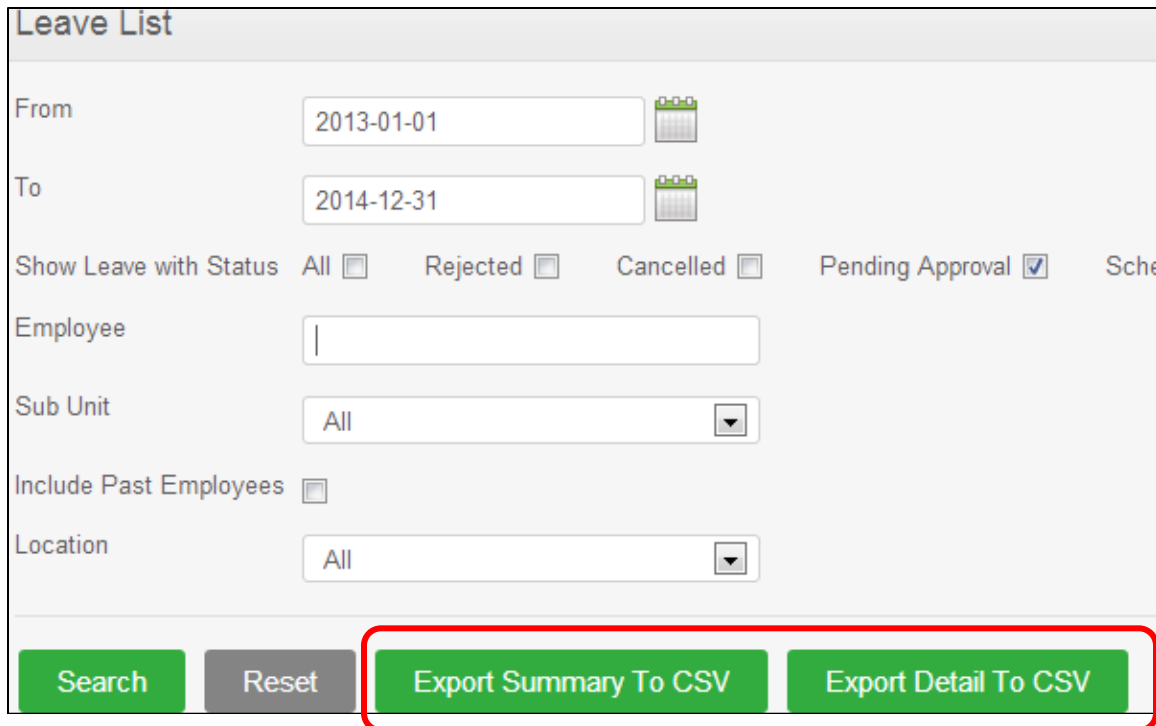

The admin/ESS Supervisor is also able to export the leave list to a CSV file by clicking on either the “Export Summary to CSV” button or “Export Detail to CSV”.

By clicking on “**Export Summary to CSV**”, the following information will be captured in a CSV file:

- Date
- Employee Name (Full Name)
- Leave Type
- Number of Days
- Status
- Comments

By clicking on “**Export Detail to CSV**”, the following information will be captured in a CSV file:

- Date
- Employee Name
- Leave Type
- Status
- Duration(hours)
- Comments

The screenshot shows the 'Leave List' interface. It includes a 'From' date field set to '2013-01-01' and a 'To' date field set to '2014-12-31'. Below these are checkboxes for 'Show Leave with Status' with options: 'All' (unchecked), 'Rejected' (unchecked), 'Cancelled' (unchecked), 'Pending Approval' (checked), and 'Sche'. There are also input fields for 'Employee', 'Sub Unit' (set to 'All'), 'Include Past Employees' (unchecked), and 'Location' (set to 'All'). At the bottom, there are four buttons: 'Search', 'Reset', 'Export Summary To CSV', and 'Export Detail To CSV'. The last two buttons are highlighted with a red rectangle.

## 7.7 Leave Calendar

The administrators, ESS-Employee and ESS-Supervisor can have access to the leave calendar. To view the leave calendar go to **Leave>> Leave Calendar** and the screen as shown in Figure 9.0 will appear.

- **Global Admin:** can view the monthly leave calendar of all employees based in all the locations/regions of the organization.
- **Regional Admin:** can view the monthly leave calendar of all employees based in all the **assigned** locations/regions of the organization.
- **ESS-Supervisor:** can view his personal monthly leave calendar and of his/her subordinates.
- **ESS-Employee:** can view his personal monthly leave calendar.

\*Note: Leave calendars can be generated based on Monthly or Yearly views. The default view is set to Monthly.

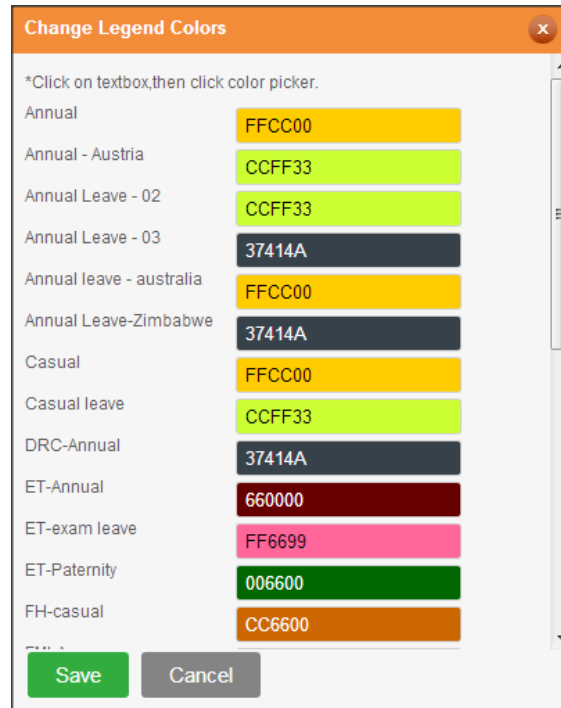

**Figure 9.0: Leave Calendar (Monthly view)**

Legend colors have been used to signify different leave types and their statuses.

An administrator whether global admin or regional admin can change the legend colors of leave types by clicking “**Change Legend Colors**” and the screen as shown in Figure 9.1 will appear.

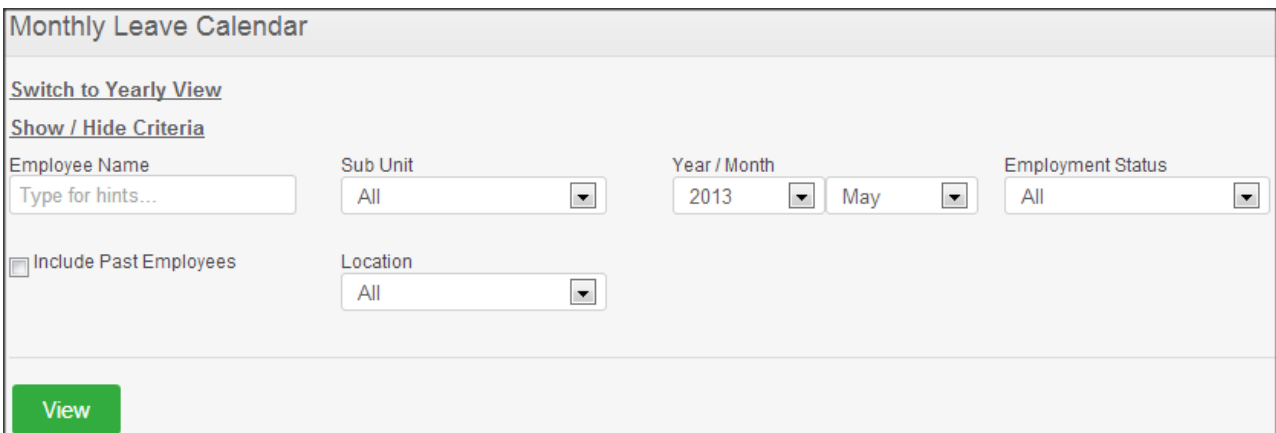

Once the changes have been made, click “**Save**”.

### 7.7.1 Leave Calendar for Admins

Figure 9.2 below shows the search criteria which could be used by administrators to view a monthly leave calendar.

*Figure 9.2: Leave Calendar search criteria (Monthly)*

- **Employee Name:** The administrator and the supervisor can view the leave calendar of a particular employee by typing the employee’s name.
- **Sub-Unit:** An administrator and supervisor can view the leave details of employees within a sub-unit.
- **Year/Month:** to view leave details of an employee within a particular time period.
- **Employment Status:** Administrators and supervisors can view leave details of employees with a particular employment status.
- **Include Past Employee:** Administrator and supervisor can view leave details of past employees as well.
- **Location:** Administrators and supervisors can view leave details of employees who are based in specific locations.

Once the options are selected, click “View” (Figure 9.3).
