OrangeHRM Offers On-Site Training
This new program is designed to help users around the optimize the use of OrangeHRM.

    SECAUCUS, NJ, November 11, 2010 **/24-7PressRelease/** -- OrangeHRM, Inc., a leader in the development of open-source human resources management (HRM) software, launched its on-site training programs to use its software. On-site training offer many value additions to the large user base of OrangeHRM around the world.
Since the launch of this new program OrangeHRM has conducted many training courses in the USA, UAE, Singapore and hopes extend the services to Belize in South America and also Australia.
OrangeHRM CEO & CO-founder Sujee Saparanadu said, "Companies around the world are looking for
efficient and cost-effective ways to train their employees to use OrangeHRM. This option will cut down the cost on the high number of small on-line training batches and more importantly save time," he added saying. "Organizations with large number of employees can now get the system up and running in minutes and get all the employees well trained to use OrangeHRM."
OrangeHRM has many offers bundled with On-site training programs, a free support plan for one year and a free theme and logo change will add great value to its users.
Value Additions

Free silver support plan for one year
Free theme and logo change to suit your company
Free data entry
25% discount for a customizations

More and more companies are realizing the value of bringing training on site. There are no limitations to the number of trainees. Pick a location and OrangeHRM will come to you.
